JUSTIFICATION FOR COVERAGE OF COMOR TARGETS BY MISSION C176C

Monthly coverage of priority targets in South China, as well as weekly coverage of one-fourth of the priority targets, was directed by the United States Intelligence Board⁽¹⁾. The targets for South China are shown on the map, page four. The latter has been provided by COMOR⁽²⁾. Periodic coverage of the priority targets should provide the Intelligence Community with sufficient information concerning the Order of Battle in South China, from which the Intelligence Community could make a more accurate estimate of the ChiCom posture and intentions relative to the Vietnam situation.

BRIEF VULNERABILITY ESTIMATE:

The only known threat to this mission are MIG-21 aircraft in South China area. The MIG-21 capability against the U-2 at mission altitude is only marginal. Defensive electronic systems installed in the U-2 should prevent a successful intercept by an unknown SAM Site. (See MIG-21 Order of Battle on facing map.)
